	(Lecture in Hokkaido Univ.	
1 Dec.	講義時間変更(1h→2h)	3
	Change of lecture period	

ラスト2日間は午前2時起床で準備に追われる事に、、、

I waked up at 2 a.m. last two days!

いざ出発(departure from Japan)

無事に?到着 (arrive to Harbin)

Schedule

Event	
Arrive to Harbin	
A.M. Lecture of Dr. Kayama	
P.M. Presentation by student	
Welcome party (with professors)	
A.M. Lecture of me	
P.M. Presentation by student	
Welcome party (with lab.'s student)	
Visit labs. in university.	
Visit Harbin city	
China science academy in Beijing	

さっそく本番!! (The lectures)

学生さんの発表も聞きました。

学生さんの発表を聞いて思ったこと

すさまじいマンパワー(huge manpower)

- ·Enzyme activities of leaf and stem chlorenchyma for 14 species
- ·Spectrum measurement of leaf and stem chlorenchyma for 44 species
- ·200 digging (2 m x 1 m x 0.8 m) for two year

でも、1つの測定項目に突き進みすぎて盲目的 But, they adhere to one kind of measurement too much and eyeless

「傾向が見られないので、さらに測定します」

"I must measure more because I didn't find the trends"

・・・・・いやいや、他の項目も調べようよ

... please check the other parameters

お食事 (huge amount of food!)

学内視察(Visit to labs in univ.)

学内視察(野生動物資源学院) The academy of wile animal resources

学内視察

除雪は人力? (manpower is used to snow clearance too)

北京視察 Visit to Beijing

おしまい Thanks!
